As Senior Human Resources Manager, I performed the following for various clients on an interim or project-by-project basis:

- Audit organizational performance, efficiency, and compliance and make recommendations to leadership
- Develop and implement HR programs, policies, and procedures to help align the workforce with organizational goals

- Devise company-wide organizational development processes to address issues such as succession planning, employee training and development, talent management, employee retention, workforce planning, and organization design
- Develop and implement organizational change management and communication strategies
- Assist leadership in establishing departmental measurements that support the accomplishment of strategic objectives
- Lead the development and implementation of performance management systems and employee development programs
- Recommend employee relations practices to establish positive employer-employee relationships and promote employee morale and motivation
- Evaluate company culture and develop strategies to drive culture in support of company objectives and employee engagement
- Conduct OSHA compliant investigations into employee complaints or concerns
- Develop and implement health and safety programs and policies (including pandemic response and vaccination policies)
- Ensure company compliance with relevant legislation and labor laws; minimize legal exposure through best practices and recommendations
- Advise on employment terminations to ensure fairness and ESA compliance
- Assist leadership in establishing competitive wage and salary structures to recruit and retain top talent
- Recommend changes to benefits programs to improve employee satisfaction and retention
- Assist clients in establishing standard recruiting and hiring practices and procedures; perform recruitment and onboarding functions
- Keep clients informed of new developments in legislated HR policies, programs, and practices

Human Resources Business Partner
